## Emerging Economies University Rankings 2022

The Times Higher Education Emerging Economies University Rankings 2022 includes only institutions in countries classified by the London Stock Exchange's FTSE Group as "advanced emerging", "secondary emerging" or "frontier".

The rankings use the same 13 performance indicators as the THE World University Rankings to judge institutions on their teaching, research, knowledge transfer and international outlook. However, they have different weightings to reflect the development priorities of universities in emerging economies.
