PRESS RELEASE

The Bucharest University of Economic Studies is ranked, for the third consecutive year, 1st in Romania, according to the prestigious Times Higher Education World University Rankings 2022, being the first Romanian university entering top 600 at world level.

The Bucharest University of Economic Studies, the leader of economic and public administration higher education in Romania and South-Eastern Europe, is for the 3rd consecutive year ranked as the best Romanian university in the 2022 edition of the **Times Higher Education World University Rankings** published on September 2, 2022.

The Bucharest University of Economic Studies is the first and only Romanian university ranked in top 600 universities at world level.

ASE continues its ascending trend in the Times Higher Education World University Rankings 2022 (THE WUR), performance which honors the entire academic community, much more so against the epidemic background of the 2020-2021 academic year.

Elaborated by the British magazine Times Higher Education (THE) since 2004, THE WUR focuses on research excellence and evaluates universities on the basis of 13 performance indicators in four areas: teaching, research, knowledge transfer and international outlook.

Times Higher Education World University Rankings 2022 comprises 1662 universities in 99 countries, with University of Oxford, California Institute of Technology, Harvard University, Stanford University and University of Cambridge being world leaders.
