

ASE in Metaranking 2025

The Bucharest University of Economic Studies maintains its position on the 9th place at national level in the Metaranking of Romanian Universities, based on the latter's presence in international rankings in 2025, and has an increased score of 14.3865 in the current edition, as compared to 12.8188 in the previous edition.

This result confirms ASE's stable position in the top part of the national ranking, in a competitive context in which international visibility becomes an essential indicator of academic performance.

The Metaranking, published by the Ministry of Education on May 4, 2026, aggregates the presence of Romanian universities in relevant international rankings.

ASE's Rector, PhD Prof. Nicolae Istudor: "We continue to focus on strengthening our presence in global rankings and developing academic performance."
